

The investment strategy of the Company is to invest in UK businesses across a broad range of sectors to create a portfolio that blends a mix of businesses operating in established and emerging industries that offer opportunities in the application and development of innovation in their products and services.

Dear Shareholder

We are pleased to provide an update on the progress of British Smaller Companies VCT plc (BSC).

Performance

In the quarter to 31 December 2022, the Company generated a Total Return of 4.3 pence per ordinary share, a 5.1 per cent increase on the net asset value (NAV) at the beginning of the quarter of 85.0 pence per share. AIC data compiled by RAM Capital Partners now ranks the Company first across all generalist VCTs when considering a blended average performance ranking over 1, 3, 5 and 10 years. Total Return at 31 December 2022 was 257.7 pence per share.

We are continuing to see promising potential new investments, as well as opportunities to deploy funds into the existing portfolio to help them accelerate their growth plans. We look forward to updating investors in the coming quarters on our progress in investing the proceeds from BSC's recent fundraise.

Investments

During the quarter to 31 December 2022, the Company deployed £7.7 million into four new investments: AutomatePro (automated software testing); Biorelate (data curation software); Plandek (a software development analytics platform); and Summize (digital contracting software).

A number of investments within the portfolio are seeking to extend or accelerate their growth plans, which resulted in further investment of £4.5 million into four portfolio companies in the period, including £2.7 million into Unbiased, to help the company's overseas expansion plans.

Subsequent to the quarter end, a further £3.6 million has also been invested into new investment DrDoctor, a patient engagement and communications software platform, and £1.7 million into new investment Xapien, an AI-powered software platform that fully automates detailed background research on individuals and companies. BSC has also invested a further £2.4 million into Quality Clouds, to provide the runway and resources to accelerate the company's sales growth, taking the total invested in the year to 31 March 2023 to £28.3 million, following the £9.8 million invested in the full year to 31 March 2023.

Realisations

In December 2022, the Company completed the partial exit of its investment in planning and forecasting software and services business, Vuealta, through the sale of its fast-growing software division to long-standing partner, Anaplan. The sale generated proceeds of £4.6 million, 1.5x cost, and an uplift of 45 per cent, or £1.4 million, on the carrying value at the beginning of the year (including further investments made in the financial year prior to sale). The Company remains invested in the core Vuealta consulting business to support its next phase of growth.

Shortly after the quarter end, the Company also completed the successful sale of Wakefield Acoustics for £0.9 million, in line with the 31 December 2022 valuation.

Fundraising

Alongside British Smaller Companies VCT2 plc, BSC completed a successful fundraise for the 2022-23 tax year. The joint offer was fully subscribed, raising £75 million in aggregate, of which £46.2 million relates to BSC. The allotment of the related shares took place on 4 April 2023. We would like to thank both existing and new shareholders for their support.

While it has been a challenging period for the UK economy, with pressures from high rates of inflation, rising interest rates and political instability, BSC's portfolio companies are to date proving themselves to be adaptable. Portfolio companies continue to show great resilience, with key investments demonstrating robust revenue growth.

Shareholder workshop

We would be delighted if you could join us at our next shareholder workshop, which takes place on Tuesday 20 June 2023 at One Great George Street in the heart of London's Westminster. **You will find further details below and your reply slip on page 2.** The workshop is a highlight of our financial year, and we very much hope you'll be able to attend.

Thank you again for your continued support.

David Hall
Managing Director, YFM Equity Partners

Past performance is no guide to future performance and the value of an investment in British Smaller Companies VCT plc may go down as well as up and you may not get back the full amount invested.

SHAREHOLDER WORKSHOP **Tuesday 20 June 2023**

We are delighted to invite you to our next shareholder workshop, which is returning to last year's venue, One Great George Street (OGGS), Westminster, London SW1P 3AA, on Tuesday 20 June 2023. OGGS was designed by James Miller and is the headquarters of the Institution of Civil Engineers. It is a magnificent Edwardian building with a rich neo-Palladian and Baroque interior. We expect to begin with registration between 10.00am – 10.30am and to finish at approximately 1.30pm with lunch. The presentations will start promptly at 11.00am.

If you would like to attend, the best way to do this is to **email Tracey at tracey.nice@yfmeq.com** (please make sure you include your address and any dietary requirements). **Alternatively, complete the form overleaf and return in the reply-paid enclosed envelope.** Please do not write anything on the envelope - FREEPOST YFM - is correct.

Confirmation and an itinerary of the day will be emailed/posted out nearer the time.

If you need any further information, please call Tracey on 0113 261 6478 or 07500 330986. We look forward to seeing you there!

“Drug discovery is so exciting right now, as there are just so many incredible companies working on remarkable new therapeutics. Our mission at Biorelate is to capture this untapped data and help them make sense of it. With this improved understanding we are empowering these companies to make better decisions and speed up the drug discovery process.”

DAN JAMIESON, FOUNDER AND CEO OF BIORELATE

Portfolio Update

In the third quarter of the financial year the aggregate investment portfolio delivered realised and unrealised gains of £7.5 million (net of additions) driven by positive revaluations from companies across the portfolio and the partial exit from Vuealta. Valuation multiples for comparable public technology companies, which are used as metrics to value BSC's portfolio, have shown some signs of recovery, which benefited the valuation of Matillion. £3.8 million of the valuation uplift in the quarter came from the ten largest investments. The portfolio includes 25 companies valued at over £1.0 million.
